

Sonographer –Part-Time/Full-Time

Beam Radiology strives to create an outstanding work environment by engaging the right people to join our team. We continually search for dynamic professionals who are passionate about their work.

We are an expanding diagnostic imaging practice located in Calgary, Alberta. We take pride in providing a superior medical imaging service, as well as being a leader in the field of **Musculoskeletal**, **Women's** and **Obstetrical** Imaging, Interventional Radiology, and Pain Management.

We are an innovative organization driven by clarity of vision and values that focus on providing compassionate care for our patients, excellence for our referrers, and growth and development opportunities for our team. All our healthcare objectives are achieved through our subspecialty-trained Radiologists and highly trained clinical and support staff.

We are committed to providing exceptional care for our patients and are recruiting for a **Sonographer** to join our growing practice.

Key Responsibilities:

- Creates an exceptional patient experience by providing professional and compassionate care
- Comforts patients by anticipating patients' anxieties, answering patients' questions, and maintaining the clinical area
- Reviews examinations for appropriateness and patient eligibility
- Obtains patient history and educates patients on exam examinations
- Demonstrates competence in scanning abdominal, obstetrical, small parts, venous, carotid doppler and assisting in interventional examinations
- Competence in musculoskeletal, arterial Doppler, trans-rectal and neuro sonography, although not required, is considered an asset
- Ability to work in a fast-paced environment and manages competing priorities that require independent judgment and initiative to support efficient workflow
- Must demonstrate critical thinking skills in the assessment of complex pathologies
- Must have good communication and interpersonal skills to interact with clinic staff and patients
- Demonstrated commitment to be an integral part of the diagnostic imaging team to ensure smooth workflow within the ultrasound department as well between the department and other departments in the clinic

Requirements

- A Diploma or certificate from a recognized Diagnostic Medical Sonography program
- Previous experience working in a clinic or hospital setting would be considered an asset
- Registration in good standing with Sonography Canada required
- Strong attention to detail
- Excellent interpersonal skills
- The ability to work independently and as part of a team

Benefits:

- We offer competitive wages, commensurate with experience, and in line with the AHS published scale
- For new grads entering the field, we offer a signing bonus for a commitment of employment with Beam
- We provide a comprehensive benefits package including HSA and PSA
- RRSP matching
- Uniforms are provided to staff at no cost
- Continuing education courses and other incentives for staff

Shifts:

Monday-Friday, 8:00 am – 4:00 pm with flexibility for occasional evening and/or weekend shifts.

To Apply:

This is a great opportunity to be part of an amazing team culture that has a genuine passion for clinical excellence and exceptional patient care. If you would like to join a radiology company that values its team members, please apply in confidence to careers@beamradiology.com

Of note, we also offer and encourage the opportunity to participate in a shadow shift in one of our clinics. This gives you a chance to meet some of our team and gain insight into the clinic operations and flow. Please reach out if this is of interest to you.

Beam Radiology is an equal-opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees.

We thank all those who apply. Only those individuals selected for further consideration will be contacted.
