- Assists Beam physicians with interventional procedures by preparing the fluoroscopic suite, operating the C-arm and processing equipment as required
- Follows principles of proper aseptic technique during procedures
- Accurately completes all necessary paperwork
- Maintains quality assurance of the equipment and completion of quality control logs
- Assists with inventory control and stocking of supplies
- Maintains all company standards including quality of work and results, test procedure and methodology, turn-around-time, confidentiality of test results, assist and/or provide training to x-ray as required
- Duties are to be performed under the guidance of the clinic manager
- Be fully knowledgeable about company procedures and standards including procedures relating to the performance and documentation of examinations and turn-around-time.
- Protect patients' rights by maintaining confidentiality of medical, personal, and financial information at all times.
- Performs other related duties, as required.

Requirements

- Diploma (Degree) in Radiography from an accredited institution
- Must be a registered member in good standing of ACMDTT
- Certifications/experience in Interventional Fluoroscopy procedures and BMD an asset
- Excellent organizational, communication and interpersonal skills and demonstrated ability to deal effectively with patients and their families, co-workers, and other health care staff
- Strong sense of personal and professional accountability, flexibility, and initiative to achieve high quality examinations and overall functioning of the department
- Demonstrated ability to work both independently and as part of a team
- Excellent communication (written and verbal) and interpersonal skills
- Patient-focused orientation and the ability to provide excellent patient care
- Ability to maintain a professional demeanor and work well under pressure
- Proficient in using Microsoft Office products, e-mail and the internet

Benefits:

- We offer competitive wages, commensurate with experience
- For new grads entering the field, we offer a signing bonus for a commitment of employment with Beam
- We provide a comprehensive benefits package
- Uniforms are provided to staff at no cost
- Continuing education courses and other incentives for staff

Shifts:

Available to work a variety of shifts including days, evenings nights and weekends.

To Apply:
