

## **Beam Radiology –MRI Technologist**

**Department:**

**Location:** Calgary, Alberta

**Reports to:** MRI Supervisor/Manager

**Employment Type:** Casual

**Salary Range:** \$42.55/hour plus

**Posting Status:** Ongoing Recruitment

### **About Beam Radiology**

Beam Radiology is a physician-led, community-based diagnostic imaging and specialty care organization committed to compassionate patient care and service excellence for our referring practitioners. Our patients always come first.

We are an expanding diagnostic imaging practice based in Calgary, Alberta, providing a comprehensive range of diagnostic imaging, musculoskeletal, obstetrical, interventional radiology, and pain management services. Our subspecialty-trained radiologists work collaboratively with highly skilled imaging technologists, nurses, researchers, and administrative professionals to deliver an exceptional patient and practitioner experience.

Beam Radiology is an innovative organization driven by clarity of vision and strong values, focused on clinical excellence, collaboration, continuous learning, and putting our people first. We are also actively involved in clinical research that advances care and improves lives in the communities we serve.

### **The Opportunity**

Beam Radiology is seeking a MRI Technologist to join our team. This role directly supports our commitment to exceptional patient care, operational excellence, and professional integrity. Successful candidates will work closely with radiologists and multidisciplinary clinical teams, contributing to efficient workflow and excellent clinical outcomes at Beam.

### **Key Responsibilities**

- Perform MRI examinations in accordance with established protocols and standards
- Operate and adjust MRI equipment, selecting appropriate technical factors for optimal imaging
- Review imaging requests for appropriateness and patient eligibility
- Maintain MRI safety standards in accordance with internal policies and regulatory requirements
- Ensure quality assurance through completion of quality control procedures and logs
- Support inventory management and ensure clinical areas are appropriately stocked

### **Patient Care & Support**

- Deliver professional, compassionate, and patient-centered care
- Prepare patients for procedures by explaining exam processes and addressing questions or concerns
- Monitor patient comfort and safety throughout procedures
- Maintain patient dignity, privacy, and confidentiality at all times

#### **Clinical / Technical Responsibilities**

- Adhere to MRI safety guidelines, regulatory standards, and organizational policies
- Maintain a strong understanding of imaging procedures, protocols, and turnaround expectations
- Assist in training and supporting team members as required

#### **Administrative & Documentation Responsibilities**

- Maintain accurate and timely patient records and documentation
- Complete all required forms and reporting in accordance with clinic policies and regulatory standards

#### **Collaboration & Communication**

- Work collaboratively within a multidisciplinary team environment
- Communicate clearly and professionally with patients, families, and healthcare providers
- Build strong working relationships with colleagues and referring practitioners

### **Qualifications & Experience**

#### **Required**

- Diploma or Degree in MRI Technology from an accredited institution
- Current registration and good standing with CAMRT and ACMDTT
- Strong organizational skills and attention to detail
- Excellent communication and interpersonal skills
- Ability to work independently and as part of a team in a fast-paced environment
- Patient-focused mindset with a commitment to delivering high-quality care

#### **Preferred / Assets**

- Prior experience in MRI imaging
- Experience in diagnostic imaging or healthcare environments
- Proficiency with Microsoft Office and general computer systems

### **Work Schedule & Environment**

- Role Type: Casual
- Schedule: Must be available to work a variety of shifts including days, evenings, and weekends
- Location: In-person at Beam Radiology (Trinity Hills South)

- Environment: Fast-paced clinical setting requiring attention to detail and patient interaction

### Compensation & Total Rewards

Beam Radiology offers a competitive total rewards package, which may include:

- Competitive compensation, commensurate with experience
- Comprehensive health and dental benefits
- RRSP program with employer matching
- Paid time off and statutory holidays
- Continuing education and professional development opportunities
- Uniforms provided for applicable roles
- Shift premiums, overtime pay, or flexible scheduling (where applicable)

### Why Join Beam Radiology

- A collaborative, respectful, and patient-centered work environment
- Opportunity to work alongside subspecialty-trained radiologists and experienced clinical teams
- A teaching and learning environment with ongoing education through seminars, conferences, and online courses
- Meaningful work that positively impacts patients and communities
- Opportunities for professional growth within a growing, innovative organization

### Equity, Diversity & Inclusion

Beam Radiology is committed to fostering an inclusive, respectful, and equitable workplace. We welcome applications from individuals of all backgrounds, including Indigenous Peoples, racialized communities, persons with disabilities, members of the LGBTQ2S+ community, and others who may contribute to the diversity of our team.

Accommodations are available throughout the recruitment process. If you require accommodation, please let us know and we will work with you to meet your needs.

### How to Apply

Please submit your resume to: [careers@beamradiology.com](mailto:careers@beamradiology.com)

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
